Report on Workshop on Research Methodology and Application of Statistical Tool in Research

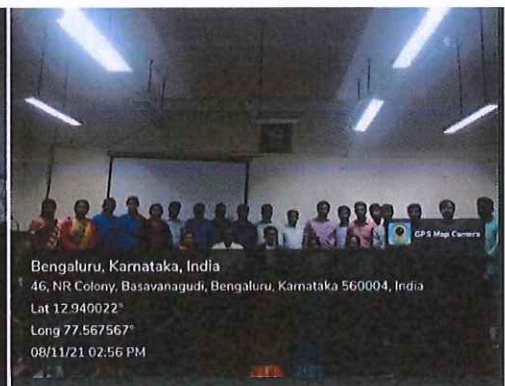

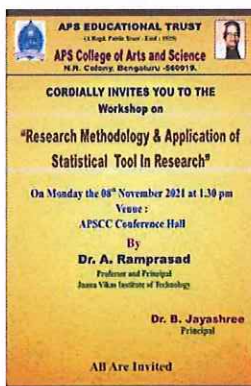

A workshop on Research methodology and Application of Statistical Tool in research was conducted on 8th November 2021 at 1:30 pm at conference hall, APS College of Commerce. Dr. A Ramaprasad, Professor and Principal, Jnanavikas Institute of Technology, Bangalore was the resource person.

Dr. A Ramaprasad in his presentation explained about the importance of scientific research for the faculty members especially during the implementation on National Education Policy – 2020 at Higher Education Institutions. Further he urged the faculty members to upgrade oneself to have sustainable career in teaching.

He gave a broad outline on research methods, techniques and tools data analysis and interpretation. More emphasis was given by him on statistical tools available and he briefed on tools like Origin, Mathlab, SPSS, SAS, STATA etc. He urged all the faculty members to master the required statistical tools in their research.

The program was presided by Dr. B Jayashree, Principal, APS College of Arts and Science. In her presidential speech she shared her experience of carrying out research starting from literature survey to preparation of articles. She highlighted the importance of having citation index, h index, m index, g index subject coverage in Scopus, impact factor etc.

The Staff members of our college and commerce college attended the workshop. There were 40 participant
