### Institutional Distinctiveness

Since our college is centrally located and public transport like Metro and buses are available, there are more opportunities for girl students as it is safe and secure. Hence the strength of girls is more.

In keeping with the vision of the college of providing need-based career-oriented, quality education with an emphasis on social concern is offered.

\* Quality education is made affordable as the fees charged are on par with the fees of the government colleges. No extra collection of money is taken up. For all the activities, management provides the means. No extra fees is charged for the value added courses and certificate courses that are offered by the college to increase students employability.

\* Our college has been catering to the needs of socio - economically backward sections of the society. Students with average marks are admitted at entry level. It is heartening to see our founder Prof. N. Ananthachari's vision being fulfilled when these students pass out with distinction at the final semester, end of the academics.
