

About Placement Cell

The main endeavor of placement cell, APS ARTS AND SCIENCE COLLEGE is to get students placed in reputed multinationals, government organizations, NGO's and the private sector. All students registered with placement cell will be provided placement assistance, counseling for employment and self /social entrepreneurship. The placement cell assures support to the visiting companies at every stage of the placement process by making College infrastructure available to them.

The Placement cell acts as an interface between the students and industries and is dedicated to help the students to select from their career options. The placement cell is comprised of placement officer and placement coordinators from each discipline.

We shall facilitate the selection process of all the companies as per their requirement. The PC will liaison with corporate organizations to provide suitable jobs and internship for the candidates completing their studies from the College.

One of the main responsibilities of the Placement Cell is to motivate, train and prepare the students of the University and its affiliated Colleges for campus interviews. It plays a very important and key role in counseling and guiding the students for their successful career placement, which is a crucial interface for the students between the stages of completion of academic programmes of studies and entry into suitable employment.

Activities of the Placement Cell include:

- **Organizing On-and-Off campus interviews.**
- **Organizing training programmes like Personality Development Programmes, Mock Aptitude tests, Group Discussion training and mock interviews.**
- **Co-coordinating semester long or year-long Project Placement for the Students.**
- **Organizing Student level workshops/meets with major Corporate.**
- **Facilitating Industry Institute Interactions by inviting experts for lectures, as members of Committees, etc.**
